

June Is Perennial Plant Month
Tuesday Evening Workshops
6:30 P.M
June 2

Made In The Shade

What can you grow in the shade? Find out during this session, what perennials will work well? You will find there are many plants that will work.(And it's not just hosta's!)

June 9

Deer and Perennials

These animals are beautiful creatures, but they can do so much damage to the perennials we work so hard to grow. What can we do?

June 16

Walnut Tolerant Perennials

Who would have thought that you can't grow everything you want to grow near a walnut tree. Find out what perennials will grow near a walnut tree.

June 23

Drought Tolerant Perennials

Some plants just love the heat. Which perennials will be able to withstand our hot hot summer temperatures? Find out at this workshop.

June 30

Question and Answer Session

This is my favorite session! Bring good questions (maybe you can bring the answers)! It's a good evening to find out what's going on in your garden. Bug problems? This is the time of year the little pesks are at their peak! Fungus problems? Let's chat!
